City : Puducherry

About Me

BCA graduate with a strong foundation in Python Full Stack Development, backed by a 6-month internship training program. Skilled in Python, Django, HTML, CSS, JavaScript, and SQL with hands-on experience in building responsive and dynamic web applications. Quick learner with good problem-solving abilities and a strong interest in backend and full-stack development. Seeking an opportunity to contribute to real-world projects and grow in the IT industry.

Experience

2025 (Jun - Nov)

HTGE Technologies Pvt Ltd

Python Full Stack Developer

Python Full Stack Developer trained through a 6-month internship program with hands-on project experience. Skilled in Python, Django, HTML, CSS, JavaScript, and SQL. Capable of developing dynamic, responsive web applications and solving technical problems efficiently.

Projects

USER AUTHENTICATION SYSTEM

Developed a secure user authentication system with user signup, login, and session management. Implemented password hashing and form validation to protect user data. Added role-based access control for restricted features. Optimized backend logic and improved overall system performance.

TASK MANAGER WEB APPLICATION

Built a task manager web application with features like task creation, editing, deletion, and status tracking. Designed a responsive UI for smooth user interaction. Integrated user authentication for personalized task management. Implemented efficient database operations to ensure fast and reliable performance.

Portfolio Website

Developed a fully responsive and modern personal portfolio using HTML, CSS, and JavaScript with smooth UI animations.
